OIL PAINTING WORKSHOP

January 15-19, 2025

The Oil Painting Workshop is a comprehensive introduction to the foundations of oil painting. Conducted over 5 days and developed in collaboration with this year's featured artist, Robin Eley, the workshop will cover everything from materials, to how to begin a painting and the key steps to a successful result. All students will have a front row seat to proceedings as they are introduced to the fundamentals of painting via a series of multimedia presentations and demonstrations, conducted live on stage backed by a huge projection screen and a full time camera and sound crew. Students will then have the opportunity to apply these lessons in a series of painting exercises, eventually leading to working on their own painting. These vibrant studio sessions will once again be a unique and interactive experience as students will have the opportunity to look up from their easel to watch Robin on stage working on his own painting. In addition Robin will work regularly with each individual student, assisting them with their painting.

The course is designed to accommodate students of all levels. There is no requirement of experience, just a desire to learn.

Numbers are strictly limited so book now.
